## **Welcome Weekend Commissioners**

### **Peter Hennessey**

Sophomore, St. Louis, Missouri

Business & Psychology, Room 318

Vice President of the Class of 2021, Sophomore Welcome Weekend Commissioner, Notre Dame Tour Guide, Dawg Tackle Football, Dawg Basketball, Alumni-Dillon Rivalry Week Commissioner, Student International Business Council (SIBC), Investment Club

Best ND memory - My favorite memory in my time at Notre Dame so far was actually something that starts for freshmen on Welcome Weekend: Rivalry Week with Dillon Hall. For centuries (ok, since 1932) we have had a heated rivalry week with Dillon where we compete in various athletic, academic, and comedic events to establish a fun and enjoyable rivalry with the dorm next door. I don't want to spoil the fun, but it was a grand time that introduced me to new people and also allowed me to be immersed in a rivalry that has been happening for many, many years.

My favorite spot on campus - Alumni Hall room 245 on the couch. Not my room, but it's where I spend the majority of my time. The couch is real comfy, I've even slept there a couple of times.

Favorite dining hall meal - Burger night, especially since they've started having pretzel buns and bacon on the burgers.

Favorite freshman year class - Responding to International Crises university seminar with Professor J. Samuel Valenzuela. This class rocked because the homework was to read the New York Times every day and learn about the issues of our world, and basically we talked about how to respond to them.

Favorite girls dorm - Welsh Family Hall

### **Luke Michels**

Sophomore, Glenview, Illinois

Mechanical Engineering, Room 307

Dawg Volleyball, Dawg B1 Basketball, Dawg Ping Pong, Club Table Tennis, Club Spikeball, Alumni Hall Meat Week Commissioner.

Favorite ND Memory: The USC football game. It was incredible to see us blow out a ranked rival 49-14, especially since I have been a Notre dame fan for all my life. The tailgating before was really fun, and it created a lot of hype for the game. Me and my friends were going crazy the whole time.

Favorite Spot on Campus: The Grotto. It is a really special place where you can have deep, spiritual experiences, and I don't think there are many other places like it in the world.

Favorite Dining Hall Meal: Stir Fry. As long as the line isn't too long, a nice beef stir fry always gets me going.

Favorite Freshman Class/Professor: Introduction to Philosophy with Jeff Speaks. Speaks is a great teacher who kept the class interesting. You learn how to argue logically in this class, which I liked.

Favorite Girls Dorm: Breen-Phillips

### **Welcome Weekend Ambassadors**

#### **Michael Maransky**

Sophomore, Blue Bell, PA

Business & Economics, Room 318

Sophomore Welcome Weekend Commissioner, Dawg Basketball, Dawg Sand Volleyball, Women's Basketball Player, Dance Commissioner, Male Dorm Liaison, Student International Business Council (SIBC)

Best ND memory - Definitely USC weekend. It was a beautiful day and the tailgate scene was phenomenal. The Irish also destroyed the opposition which is always nice.

My favorite spot on campus - The Rock. I spend all of my afternoons there pumping iron and playing basketball with my friends. It is my favorite place on campus to play pickup basketball on Thursday and Friday afternoons.

Favorite dining hall meal - Buffalo Chicken sandwich for lunch served with a side of french fries.

Favorite freshman year class -Principles of Microeconomics with Professor Dziadula. It was easily my most interesting classes and it is the reason I decided to pick up an economics major.

Favorite girls dorm - Flaherty

#### **Tucker Mercier**

Sophomore, Kathleen, Georgia

Computer Science, Room 233

Dawg Sand Volleyball, Dawg Indoor Volleyball, Dawg Basketball, Dawg Soccer, Dawg Table Tennis, & Dawg Bowling, Alumni Hall Signature Event Commissioner

Favorite memory: My favorite memory was participating in all of the Interhall Alumni sports I did because I got to play the sports I loved and also got to meet many new people out of it, particularly the upperclassmen of Alumni. It's always a great time to get to know these great guys and also get a championship or two out of it (like I did in Bowling and Table Tennis - awesome feeling and I got a couple of the esteemed Interhall Champion shirts out of it, although they are the exact same shirt).

Favorite spot on campus: Alumni Hall Basement

Favorite dining hall meal: Chicken and Beef Stir Fry w/ Teriyaki and Sweet & Sour Sauce, always a refreshing and filling meal after waiting in line for 15 minutes

Favorite freshman year class: Introduction to Embedded Systems and the Internet of Things with Professor Thomas Fuja. It's a great class if you're into working with circuits and want to dabble in some electrical engineering. I personally had a lot of fun and was excited by many things we did in this class. If you're a computer science or computer engineering major, take this class because it's a fun technical elective you can take instead of Biochem.

Favorite girls dorm: Flaherty

### **Jackson Haeflinger**

Sophomore, Elmhurst, IL

304 Alumni Hall, Finance

SIBC, Bitcoin Investor, Alumni Interhall Football, Basketball, and Lacrosse

My favorite memory here was most certainly beating USC in football. The season as a whole was incredible, but rivalry games are particularly intense and fun.

My favorite spot on campus is the tree outside Alumni near the Southwest Alley. Every Wednesday some friends and I climb it to hang out and listen to music.

My favorite class freshman year was my Ancient Emotions University seminar. Excellent class to learn about the Greeks and their feelings.

My favorite girls dorm is PE. It's only a short, convenient walk away, and it's so close to the library, where I love to study, not to mention its beautiful and unique architecture.

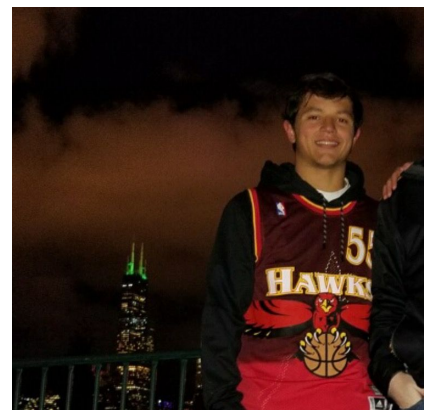

### **Adam Achecar**

Sophomore, Atlanta, GA

317 Alumni Hall, Preprofessional Science and Theology

Notre Dame Football Manager, President of Live Golden, Community Service Commissioner, Publicity Commissioner

My favorite memory from Freshman year is hands down the Dawg Retreat. Nothing beats cramming 50 dudes into a Lake House full of an absurd amount of food (I haven't eaten chips since then).

Best spot to hang out on campus is South Quad on a nice day. There's nothing like sitting out on the lawn with fellow dawgs and people watching. It is a great place to relax, but I would say that the library is the best place to study and get work done.

Favorite meal? If there's a stir fry line, I'm in it.

My favorite class was Philosophy of Religion with Jeffrey Tolly. It was a introductory to philosophy course and Jeff could not have been a cooler teacher. I do not love philosophy, but Jeff made the class fun and I ended up loving the class.

My favorite girls dorm is Cavanaugh, great gals.

### **Matt Gregory**

Sophomore, Farmington, CT

Alumni Hall, Finance and Economics

Notre Dame Club Golf, Alumni Hall SUB Rep, Dawg Pizza Chef, Alumni Hall Judicial Board, Wildlife Commissioner, SIBC

My favorite memory was the Georgia football game. Despite the loss, it was my first experience of a big-time college football game, and the tailgate environment was unreal.

Best spot on campus is the 1SA common room. It's a great spot to hang out with the boys.

My favorite meal is the Flatiron salad at Modern Market.

My favorite class was my Economics Seminar with Professor Leahy. He is a great guy and the class was a great place to discuss anything we wanted to.

My favorite women's hall is Welsh Fam because it's the closest to Alumni.

Favorite spot on Campus: South Quad. Tons of space to do whatever you want, and it's awesome during football weekends or whenever the weather is nice and everyone is outside doing stuff.

Favorite dining hall meal: Chef Jet's anything. If it's in the asian section and has noodles, it's gonna be good.

Favorite class: Definitely my Extreme Filmmaking USEM. The number of emails Professor Morel sent each student more emails saying how incredible they are is far greater than the assignments we actually had.

## **Rector**

### **Father George Rozum**

Fr. George Rozum, CSC, became rector of Alumni Hall in 1978 and still proudly heads the Dawghouse 40 years later, making him the longest serving rector in the history of the University. Fr. George generates great respect from the men of Alumni, and images of him often appear on dorm-made shirts and other keepsakes.

Fr. George was ordained a Holy Cross priest in 1968. Before becoming rector of Alumni Hall, Fr. George received a bachelor's degree in Philosophy from the University of Notre Dame, an M.A. in Theology from Holy Cross College of Washington, D.C., an M.S.A. from the University of Notre Dame, and a National Certificate for Teaching the Deaf from the University of Texas at Austin. He also served as chaplain to the Texas State School for the Deaf, and an associate pastor at St. Ignatius Parish in Austin, Texas.

Fr. George says mass at the Chapel several times during the week and at many Sunday services as well. He always makes time for students, advising or guiding them in difficult times. Fr. George also takes great interest in dorm traditions and sports, frequently appearing at Dawg Hockey or Football games, where the men of Alumni greet him by chanting "F-G-R" (an acronym for Fr. George Rozum).

### **Hall Government**

Adam Hellinghausen, President

Hailing from Dallas, Texas, Adam Hellinghausen, or “H-Train,” is one of the proudest to be an Alumni Hall Dawg. When not laying down the law at Loftus Fields with the other boys on Dawg Football, Adam is spreading the Alumni spirit throughout the dorm, from hatred of Dillon to an appreciation for Alumni’s much more impressive architecture. It has been alleged that his favorite girls dorm is McGlinn #RollRocks. He truly is an inspirational leader and one of Alumni’s most exemplary Dawgs.

Owen Ulicny, Vice President

Alumni Hall’s VP, Owen Ulicny - not to be mistaken for his Irish twin, Kevin Lindsay - is a monster of a man. When you first meet him, you might be intimidated by his size, but you’ll soon come to realize that he does have a softer side to him. He’s always down for a chat in the hallway and he’s got a big smile that is illustrious, even amongst all the huge smiles in Alumni Hall. He is also the guy to know if you want to become Snapchat famous - just ask Mike Doherty and Chris Moy. Owen is certainly a treasured member of Alumni Hall for the southern hospitality he brings from his native Massachusetts.

Chris Garbasz, Vice President

Alumni Hall's other VP, Chris Garbasz is a Dawg from Springfield, Massachusetts, which, is totally not the same place that Owen is from. Chris's favorite place to study in Alumni is his room on the third floor, where he occasionally displays his fine taste in music. Chris is a ready and willing friend who is the physical embodiment of the saying, "Dawgs are loyal."

### **Traditions**

#### Dawg Mass

- Dawg Mass is the weekly Mass held in Alumni's chapel every Sunday night at 10 pm. It is a great way to build dorm spirit and start off the week. The main thing that differentiates Dawg Mass from other masses is the music and great mass band that we have in Alumni. Also, it doesn't hurt that the bishop dubbed our chapel the prettiest on campus.

#### Emmaus

- Emmaus is a weekly Bible group in the Alumni Hall basement. It normally meets Wednesday nights.

#### Dive Night

- Dive night is a weekly event hosted by Alumni's president, Matt Krach. It is Wednesday nights at 9 or normally right after Emmaus. A big group of Dawgs and sometimes Lady Dawgs go to the high dive in the Rock and jump off and have fun

#### Dillon Rivalry

- Alumni Hall and Dillon Hall have a rivalry that has existed since the two dorms were built. This rivalry is shown in a great way during rivalry week, in which there are competitive events between Alumni and Dillon, and where we continuously prove to be the better dorm every year

## **Frequently Asked Questions**

**Should I bring a computer to Notre Dame?** A computer is all but required here. If you make the decision to not bring a computer, you will spend a lot of time in the computer lounge in CoMo. Needless to say, most kids don't want to do this, so they bring their own computer.

**What kind of computer?** Both Macintosh and Windows computers work on the network, just make sure they meet the minimum system requirements.

This also really depends on your major:

Engineering or Computer Science?...probably Windows for the programs.

Business?...Mac, because they rock

You can find these requirements online at <http://oit.nd.edu/resnet/systems.html>.

**Which type of computer is better to bring, a laptop or desktop?** Honestly, a laptop. They are much more maneuverable/portable and won't leave your desk area cluttered with 50 wires.

**What do I need to connect to the network?** You can either connect via LAN cord (RJ-45 cable) and Ethernet card, or the campus' wireless internet network (NDsecure or NdGuest). Most new computers are built with both Ethernet cards and wireless cards, but you should check with the vendor just to be sure. To find more information about connecting to the network, check <http://oit.nd.edu/resnet>.

**Can I purchase software on campus?** Yes, due to Notre Dame's agreement with Microsoft, you can buy Microsoft titles at reduced prices. Apple products are also available at reduced prices for students on the Apple website.

**Can I purchase hardware on campus?** Yes, you can visit the OIT Solutions Center for more information at <http://solution.nd.edu>

**What is the most important thing I should do with my computer before I come to campus?** For those with Windows machines, make sure you have all the latest critical updates installed. In addition, make sure that you have your Windows XP firewall **turned on** and if you have anti-virus software, make sure it is current.

**What if I can't bring a computer?** Notre Dame has several computing clusters on campus open various hours of the day to suit your computing needs. To review the equipment available in the computer clusters, visit <http://oit.nd.edu/clusters/hardware.html>

**Do I need a printer?** If you have a computer in your room, it is totally a personal choice. There are printers available to purchase in OIT Solutions Center for around \$100. Don't be too hasty to lay down the cash, however. We have a dorm printer available to all Dawgs in the 1<sup>st</sup> floor study lounge, and it is "fully functional" and enormously popular. Also, ND students are allotted \$10 per year towards printing using the University's printers located in every printing cluster on campus. Two cents per page black and

white, but eight for color. This is what everyone uses essentially. There are also printers in the Library, Lafun, D-bart, etc. where your print quota works.

**What about laundry?** There are two options for laundry. The first option is the do it yourself option with the washers and driers found in the basement of alumni hall. The busiest day is Sunday for laundry but any other time throughout the week the machines are fairly open. The second option is the St. Michael's option. St. Michael's is a laundry service that picks up clothes once a week and delivers them back to the dorms a few days later.

**Where can I go to mass?** In Alumni Hall we have Dawg Mass every Sunday night at 10:00, a big favorite with all of the residents of Alumni. If you are not Catholic there are some great options to find worship centers with the Campus Ministry Department on campus.

### **What's the deal with meal plans?**

There are two available meal plans.

1. 21 Meals a week, where you get three meals a day at either dining hall.
2. Flex 14, where you get 2 meals a day at either dining hall and \$400 in Flex Points per semester, which you can spend at any of the campus restaurants (Smashburger (Thank God it isn't Burger King anymore), Pizza Hut/Taco Bell, Recker's, Subway, Starbucks, etc).

### **Dorm Room Dimensions/Usual Set up**

The rooms are about 9x14. Some of you will have a quad, where you get three of these rooms, the middle being a common room, and the side rooms having your beds and desks.

- Quad normal set-up is both side rooms having lofted beds, with the desks and wardrobes underneath the beds, and then a futon, tv, fridge, and whatever else in the common room
- Double normal setup is two beds lofted, and a tv, stand, and fridge. Its best to figure out how to set all this up when you get to Alumni because each room varies based on personal preferences.
- You can find more information about what to bring and what not to bring on Notre Dame's official move in guide: <https://housing.nd.edu/assets/59340/checklist.pdf>

### **Alumni Hall Serenades:**

You're Still the One  
Shania Twain

Looks like we made it  
Look how far we've come my baby  
We mighta took the long way  
We knew we'd get there someday

They said, "I bet they'll never make it"  
But just look at us holding on  
We're still together still going strong

You're still the one I run to  
The one that I belong to  
You're still the one I want for life  
(You're still the one)  
You're still the one that I love  
The only one I dream of  
You're still the one I kiss good night

Looks like we made it  
Look how far we've come my baby.

**My Heart Will Go On**  
**Celine Dion**

Every night in my dreams  
I see you, I feel you  
That is how I know you go on

Far across the distance  
And spaces between us  
You have come to show you go on

Near, far, wherever you are.  
I believe that the heart does go on  
Once more you open the door  
And you're here in my heart  
And my heart will go on and on

- For a quick bite to eat, anything on Eddy Street is good. There is Five Guys, Chipotle, Barbici (an Italian Chipotle), Blaze Pizza, and Brothers.
- Rocco's has some of the best pizza in the area and has pretty good food besides pizza as well. Papa Vino's is another good Italian restaurant, and Carraba's is as well.
- Evil Czech Brewery has really good bar food, and they brew their own beer, which your parents might like. Brothers on Eddy street has similar type of food.
- For higher end food, The Mark is really good and is on Eddy Street, and LaSalle Grille in South Bend has really good food.
